Finding herself horny and without a lover, Natalie starts to undress, taking time to feel her smooth skin as she sneaks out of her bikini. Running her hands across her soft pussy she feels a chill go up her spine. Slipping a finger in causes her legs to shake. Feeling up her wet walls cause her to finger faster, and faster till she's cumming all over the furniture.

Danger Sex

If I had my way, I'd never fuck again in the safe,

A scene from my past:

"Oh, c'mon, let's do it. What's the matter?"

"My mother will be home any minute."

"Let's do it anyway."

The danger that we would be caught fucking put a new thrill into our lovemaking. My pulse raced, my heart beat faster than usual. I was revved up as I had rarely been before.

Just before I came I heard the front door of the house opening. But it was too late to stop. I had to come. I fucked furiously, my mind torn between the pleasure I was experiencing and the threat and humiliation of discovery. I climaxed just as I heard her mother calling for us. We dressed very quickly and, summoning all the acting ability we possessed, tried to behave as nonchalant as possible like nothing unusual had happened.

I never found out if her mom ever figured out why we were both so disheveled and so out of breath if all we were doing was listening to records. But I was more interested in the new sexual thrill I had discovered—"danger sex" I call it—doing it where I could easily be discovered. Sex in unusual places became sort of an obsession with me. If I had my way, I'd probably never again fuck in the safe, boring privacy of my bedroom.

Taking sex out of the bedroom opens up the experience. Gone are the days when lovemaking was relegated only to the dark of night. Spontaneous sex in other rooms of the house—the living room, the kitchen, the bathroom—can be exciting if you don't mind some discomfort and awkwardness. Ingenuity and perseverance are definitely the name of the game. (One caveat: wonderfully erotic as fucking in the shower is, you can easily get carried away, slip and find yourself with a few broken bones.)

Danger sex is something more than just finding new locations where you can fuck. That's just imaginative sex; the danger lies in the possibility of getting caught. Doing it out in the woods, miles from civilization or on a deserted beach at two in the morning are nice enough, but fans of danger sex are apt to find those locales a bit prosaic, hardly something to write about. And it's not danger sex unless at least one of you is yelling, "Omigod. Hurry, please hurry! Someone's gonna see us! No, don't stop, just hurry!"

There's really no physical danger in danger sex, unless the spouse or lover of the person you're having sex with catches you in the act and beats the hell out of you. A friend of mine tells me of having sex with a chick on her living room floor. When a dude entered the front door, she said to my rather startled friend, "Don't worry, it's only my husband. He likes to watch..."

And danger sex isn't fist-fucking or the more arcane forms of rough sex. Danger sex is supposed to be fun; it's not supposed to land you in the hospital or the joint.

Remember When Sex Was Bad?

Something you were only supposed to do with the person you were married to. (And even then, just to have kids.) There was a mystique to sex then; it was surrounded by a thrilling aura precisely because most of the time it was forbidden. But now that it's okay to fuck yourself into a stupor, well, it was more fun when

you felt dirty about it. The attraction of danger sex is, I suppose, a throwback to feeling guilty about jerking off. You may have thought you'd go blind or crazy or be damned to hell for doing it, but you did it anyway.

I am probably the only person in the country who has never had sex in a car at a drive-in movie. I've fucked in cars and movie theaters, and dressing rooms and bathrooms of Broadway theaters, but never at a drive-in. Doing it at the drive-in really isn't danger sex; everybody is fucking at the drive-in. On good nights, when the movie is lousy, all the cars at a typical drive-in are rocking in unison.

Cars though are a good location for danger sex. Cops sometimes prowl around "lovers' lanes," and the possibility of having a flashlight shining in your face while being asked by a leering officer of the law, "Hey, Buddy, whatcha doin'?" is very real. Doing it in a car is really only fun if you don't have to do it in a car. It's more enjoyable to play at being a teenager than to actually be a teenager. ·

Moving vehicles are always great for sex (if you're not driving!), but for logistical reasons only hand-jobs and blowjobs are practical and recommended to help alleviate the tedium of driving long distances. Mutual masturbation can be done fairly surreptitiously. A blanket or a towel over the lap can protect the modesty of those who are shy. At night probably no one will see you anyway, and that long-haul trucker will never believe what they're seeing.

Warning: Aside from the possibility of a serious accident, getting sucked off while in a moving vehicle on some toll roads, like the Garden State Parkway in New Jersey or the Connecticut Turnpike, is a total pain I the ass. The tolls are placed something like every 12 miles, as just as you are on the verge of coming you have to stop, zip up, straighten up, and pay the damned toll.

I once traversed the entire state of Connecticut in a condition of unrelieved arousal because of those annoying tolls. These days, we've got E-Z Pass to thank for nonstop travel. On the other side of the coin, the interstate highway through the Carolinas, Georgia and into Florida seems designed for sex in the fast lane. No tolls, a fairly straight road, and not too bright or crowded at night.

Regardless of what you do and where you do it, for God's sake, don't close your eyes when you're coming if you're driving a car!

Choice locales for danger sex:

- *Neglected alcoves of museums*
- *Your parents' bed (even if Mom and Dad are 3,000 miles away on a month's vacation, danger sex enthusiasts always rate this locale high*
- *An airplane (the Mile-High club is a fraternity of people who have fucked in flight). After 9/11, this might prove to be a bit tricky.*
- *The back seat of an Uber or taxi*
- *Your office; particularly during office hours*
- *Public bathrooms, especially at gas stations. (Yes, it is considered proper etiquette for the woman to accompany the man to the men's room, especially on the first date.)*
- *The neighbors' garage (or pool house if you have rich neighbors)*

• *Laundromats*
• *Dance floors (not recommended for beginners)*
• *Churches (I can't vouch for this one personally, but a disreputable acquaintance swears it's so)*
• *A tennis court*
• *Cemeteries (for the truly kinky)*

Flirting with the danger of having sex in public really gets the juices flowing. Some couples work a variation on the theme of public sex with the aid of video. They bang with the camera running so, in effect, they are "caught" by the camera. These couples then have their own home porn flicks to enjoy at a later time.

Facing the Music

But what if you are caught? Most cops are cool about finding couples fucking. Technically you're probably guilty of indecent exposure or "lewd and lascivious behavior" or something like that. But unless you're doing it in a school yard at lunch hour or causing such a commotion on private property that the owner gets upset, you might be lucky and not get arrested.

Spectators are another matter. Most people get embarrassed when they unexpectedly encounter a couple going at it and immediately flee from the scene of the passion. Others are curious; voyeurs at heart, they'll hang around to watch. A very few might even try to get in on the action.

A woman once told me that one afternoon as she and her boyfriend were screwing in Central Park in New York City, she heard a persistent, peculiar buzzing sound. Afterwards she realized the noise was from a drone hanging over them that someone was using to film them with. "For years after," she says, "every time I saw a porn flick or looked at a sex mag, I was sure I'd be in it."

Finding a Partner

Finding a partner for danger sex can be a problem. Despite changes in sexual attitudes, many people still have great inhibitions about certain aspects of sex. If your partner isn't too keen on oral sex and cringes in terror if you mention anything about kinky sex, chances are he or she won't be receptive to fucking in the bathroom while you're at your boss's house for dinner.

You can lead someone into increasing degrees of danger sex—from the car to a beach to a train to, I guess, a Macy's window at high noon the week before Christmas—but some people just aren't ready to make the initial leap into untraditional sex.

Successful danger sex requires two (or more; you've gone this far) people of similar kinky dispositions. And whatever you do, don't start whining if your partner doesn't want to fuck on the floor at a rock concert. It'll make you look like an asshole.

Among heteros, danger sex is pretty much a spur-of-the-moment happening. It's not all that popular. If it were, you'd be encountering people fucking everywhere. But among male homosexuals, danger sex is so widespread the practice has turned into a regular ritual. There are thousands of restrooms, truck stops, deserted warehouses, parks and piers in America that have been taken over by gay men for the purpose of danger sex en masse.

How you feel about danger sex is probably how you feel about group sex or swinging. There's a certain amount of exhibitionism in danger sex; you are putting on a show for anyone who might see you. Some people find this exciting: "Look at me! I'm fucking!" Others are horrified. As with everything in life, the choice is yours.

Enjoy the ride.

Epidemic

Squeezing Madeline's shapely hips, I pounded her tight asshole from behind, banging away with everything I had. My roommate Tom had gone to the campus infirmary with prostate trouble. No sooner had he left our dorm room than I had called my new girlfriend to come right over for a quickie. Privacy was a premium, for both of us.

Madeline's suitemate never went anywhere, so we hardly ever fucked at their place. The same could be said of Tom and the tiny space we called home. His sudden illness had been a lark. I was sorry that he felt bad, sure, but my horniness trumped these feelings.

Good riddance, Tom, I thought amusedly while watching my cock slide in and out of Madeline's backside. She loved anal, Madeline did. In fact, it was her all-time favorite. Of course I felt like the luckiest guy on campus.

My twin bed squeaked, the headboard banging against the wall as Madeline's apple ass took the brunt of my thrusts. On the verge of coming, I withdrew and scooted alongside her, angling my cock in her face.

"Finish me with your mouth, baby," I managed to say despite my ragged breathing.

The look on Madeline's face, a mixture of distaste and embarrassment, caught me off guard. What the hell? I thought. Had I done something wrong? This was the first time that I had requested a blowjob after my cock had been inside her rear end. Did she have a problem with that? I certainly hoped not. Unfortunately her expression said that she most definitely did.

"What gives, Maddie? Did I do something—"

"I—um—," she fumbled for a response.

"Tell me, baby. What's wrong?"

She sighed wearily and spilled the beans, confirming my suspicions. Madeline had no problem sucking dick, none at all, just so long as said dick hadn't been buried in her pooper beforehand.

"The other is okay," she explained. "I like the taste of my pussy on a guy's cock. But, well, I just don't dig that ATM stuff. Sorry . . ."

"No need to apologize, Maddie. Hell, I'm the one who owes you an apology. I had no idea. If I had known I never would've—"

"It's okay." She smiled with relief. "We haven't been dating for long. You had no way of knowing."

Madeline got dressed and headed to lacrosse practice, both of us having agreed to meet for dinner later that night in the dining hall. I needed to work on an English paper (the damn thing was due day after tomorrow), but opted for a nap instead.

I fell asleep as soon as my head hit the pillow.

To be awakened a short time later when Tom barged into the room. Either he didn't notice that I was asleep or didn't care. He was a bundle of nervous energy as he paced the floor, shaking his head back and forth with seeming disbelief.

"Holy shit, man!" He ran a hand through his thick brown hair. "It's true. It's fucking true!"

"What the hell, Tom? I'm trying to sleep . . ."

"Fuck sleep, dude. I got a story that's going to blow your mind."

I regarded him with extreme annoyance; as well as bewilderment. This wasn't the dour Tom of an hour ago who had exited our room complaining of achy balls and a weak urinary stream. What kind of magical meds were they dispensing over there at the campus infirmary?

Tom was definitely high on something as he was typically a rather morose fellow, a Philosophy major who read seminal (pun intended) existential texts for fun.

"Check this out." He grabbed the straight-backed chair from his desk, turned it around, and straddled the thing. Arms folded across the backrest, he smiled at me like

some kind of demented jester.

My hands crossed behind my head, I lay there in bed and listened to his outpouring. His was an incredible tale, so much so that I suspected him of lying.

"Bullshit," I told him. "You don't honestly expect me to believe that you had sex with Nurse Newcombe."

Nurse Newcombe, the school's lone healthcare professional, was quite the looker. A statuesque thirty-something blonde with blue eyes, big tits, and a classic hourglass figure, she embodied the ultimate MILF fantasy. "Oh, I banged her all right," Tom boasted. "And I'm not the only one."

"Come again?"

"Don't look so surprised. Newcombe's a total slut, man. She fucks dudes all the time."

"Students?"

"Yeah." A sly grin creased Tom's features. "Especially the ones suffering from prostate trouble."

"What in the hell are you talking about?" Tom wasn't making any sense.

"She took it in the ass," he blurted suddenly, "and sucked me off. She did the same thing to Scotty Maddox. He's the one who told me all about it."

Tom smiled. "One minute she's got her finger in my ass, the next we're getting it on. Don't ask me, man. For some reason she's got a thing for dudes with prostate problems. It turns her on, big time. I don't know. Maybe it's some kind of challenge for her."

"Good to know."

"You should pay her a visit, man. When she asks you what seems to be the problem," Tom explained, "just say you think your prostate is swollen."

"Swollen, huh . . ."

"Yeah, man. Swollen."

"But my prostate is fine."

"I doubt she'll care. Like I said, Newcombe's a total whore. She'll probably fuck you anyway."

Turns out, Tom was right. Boy was he ever!

I waited until the following morning to try my luck at the school's infirmary. After a good night's sleep I got dressed and walked across campus, joining the throng of groggy students; most of these were headed to the dining hall for breakfast. I was hungry, too, but not for bacon and eggs.

The infirmary's small waiting area was empty. A student worker—some Indian chick whose name I couldn't recall, no doubt an overachieving future physician—manned the check-in window. Her nose buried in an Organic Chemistry textbook, she seemed annoyed by my presence.

"Can I help you?" she finally asked.

"I need to see Nurse Newcombe," I told her, stating the obvious. Why else would I be at the infirmary?

Thankfully I didn't have to wait long. Having summoned me from the waiting area, Nurse Newcombe led me to one of two examination rooms. Tight-fitting scrubs accentuated her hot body, making me think all manner of dirty thoughts.

"Have a seat," she said, indicating a paper-topped examination table. Then she closed the door, sealing us inside the small room.

"So," she started, "what seems to be the problem?"

Here we go, I thought. The moment of truth. I was about to fuck the campus nurse. Or had Tom fed me a line of goods? Perhaps the whole thing was an elaborate practical joke to make me look like an ass.

"I—well—um—I think I might have a prostate infection," I told her.

Her blue eyes searched my face, a slight frown creasing her features. "What makes you say that?"

I shifted on the paper and recited the usual symptoms: urinary issues, achy lower back, sore balls.

The frown disappeared. Her blue eyes sparkled with my

revelation. Clearly I had piqued her interest.

"It's kind of embarrassing," I remarked lamely.

"Nonsense," she said. "Lots of men—even young, college-aged men—have prostate problems. Why, it's practically an epidemic on this very campus. But don't worry. The malady responds well to treatment."

She put on an examination glove, produced a tube of lubricating jelly, and told me to drop my pants. Then, just like Tom had said, she slid a finger in my asshole. The whole procedure lasted less than thirty seconds.

"Well," she said, tossing the glove in a biohazard bin, "I detected no swelling, nor suspicious nodules."

"That's a relief."

"However," she added, a sly grin forming on her face, "just to be on the safe side I'd like to perform an additional procedure guaranteed to purge the prostate of impurities."

"Whatever you think is best, Nurse Newcombe. After all, you're the expert."

She proceeded to rub the stiff bulge in my pants. "Yes," she said, licking her lips lewdly, "I am . . ."

Having peeled my pants and boxers, Nurse Newcombe began my treatment with a superlative blowjob. I sat there in a state of utter bliss, watching her blonde head move between my thighs, her juicy lips gliding up and down my dick.

And here I had thought Madeline gave good head. Turns out I was wrong. Nurse Newcombe was on an entirely different level. She had me on the brink in no time, my cock itching to shoot a hefty load down her throat.

Attuned to my impending explosion, she came up for a breather, which allowed me to recover. While I did so she removed her pants and panties, then bent over a small hand washing sink in the corner.

Her ass was big, but not flabby. She reached around with both hands and grabbed her ample cheeks, spreading them to give me a nice view of her pussy and asshole.

She regarded me over her shoulder. "What are you waiting for? Get over here and stick that big cock in my slutty asshole."

"Yes, ma'am," I said, hopping off the table with much haste.

Nurse Newcombe kept her cheeks spread as I stood behind her and worked my prick into her pooper. Her blowjob had prepped me well; my spit-shined tool entered her with ease. She wasn't as tight as Madeline, but I didn't give a damn. Mainly because I knew that, unlike my girlfriend, Nurse Newcombe would conclude our anal encounter by gobbling my dirty dick.

I humped and hammered her donut hole in earnest. Hands behind her back, she splayed her cheeks even wider as I thrust rhythmically.

"Feeling better?" she asked.

"Much better," I replied.

No sooner had the words left my mouth than she said she was ready to taste her ass on me. I withdrew immediately, eager for the second half of our ATM coupling. Nurse Newcombe turned around, knelt, and devoured my turgid cock. She moved her head with a frenzied pumping motion, shellacking my schlong with slobbery, sloppy abandon.

I warned her of my forthcoming explosion, but she kept right on sucking me. So, I thought, Nurse Newcombe likes to swallow. Well, good for her . . .

I grunted as my cock pulsed, spitting rope after rope of jizz in her ravenous mouth. I watched with amazement as she swallowed the entirety of my orgasm.

Walking from the infirmary to my first class of the day, I couldn't help but smile at what Nurse Newcombe had said. Why, it's practically an epidemic on this very campus. Word spreads fast, I thought amusedly.

Even faster than the flu!

feasting on pussy
kali & jessie

When Kali invited Jessie to hang out at a picnic for the day, Jessie couldn't say no. When she saw they were alone Jessie almost broke out into a sprint. Whatever they were going to eat was quickly forgotten as they became progressively more naked. Licking, sucking, and fingering every bit of each other.
